

Commitment to Protect Species of Conservation Concern

June 2018

APRIL Group (APRIL) is committed to sustainable development in all locations where we operate by implementing best practices. This is achieved through the implementation of our Sustainable Forest Management Policy 2.0 and a commitment to comply with all prevailing laws and regulations as well as relevant SFM certification and assurance schemes.

APRIL and its suppliers commit to protecting rare, threatened and endangered species and their habitats that are present within operational areas using the best information available. This includes reference to the IUCN Red List, Indonesian Regulation and relevant International Conventions ratified by the Republic of Indonesia including CITES (Convention on International Trade in Endangered Species of Wild Fauna and Flora) and the Convention on Wetlands (Ramsar).

Approved

A handwritten signature in black ink, consisting of a large, stylized 'L' and 'J' intertwined.
