

SDG INDEX

GOALS	TARGETS	RELEVANT SUB-SECTION WITHIN THIS REPORT
 End poverty in all its forms everywhere	1.1 By 2030, eradicate extreme poverty for all people everywhere, currently measured as people living on less than \$1.25 a day.	Inclusive Progress (page 82) Community Livelihoods (page 90) Improving Community Livelihoods (page 94) Year in Summary (page 6)
	1.2 By 2030, reduce at least by half the proportion of men, women and children of all ages living in poverty in all its dimensions according to national definitions.	Improving Community Livelihoods (page 94) Year in Summary (page 6)
 End hunger, achieve food security and improved nutrition and promote sustainable agriculture	2.2 By 2030 end all forms of malnutrition, including achieving, by 2025, the internationally agreed targets on stunting and wasting in children under 5 years of age, and address the nutritional needs of adolescent girls, pregnant and lactating women and older persons.	Year in Summary (page 6) Community Livelihoods (page 90)
	2.4 By 2030, ensure sustainable food production systems and implement resilient agricultural practices that increase productivity and production, that help maintain ecosystems, that strengthen capacity for adaptation to climate change, extreme weather, drought, flooding and other disasters and that progressively improve land and soil quality.	Land Use (page 22) Improving Community Livelihoods (page 94)
 Ensure healthy lives and promote well-being for all at all ages	3.8 Achieve universal health coverage, including financial risk protection, access to quality essential health-care services and access to safe, effective, quality and affordable essential medicines and vaccines for all.	Improving Community Livelihoods (page 94) Special Contributions for COVID-19 (page 96) Responding to COVID - 19 Panademic (page 100) Promoting Employees' Working Conditions and Wellbeing (page 103)
 Ensure inclusive and equitable quality education and promote lifelong learning opportunities for all	4.1 By 2030, ensure that all girls and boys complete free, equitable and quality primary and secondary education leading to relevant and effective learning outcomes.	Sustainability Focus Areas (page 30) APRIL 2030 Targets (page 91) Promote Quality Education (page 95)
	4.2 By 2030, ensure that all girls and boys have access to quality early childhood development, care and pre-primary education so that they are ready for primary education.	Sustainability Focus Areas (page 30) APRIL 2030 Targets (page 91) Promote Quality Education (page 95)
	4.3 By 2030, ensure equal access for all women and men to affordable and quality technical, vocational and tertiary education, including university.	Improving Community Livelihoods (page 94) Promote Quality Education (page 95)
 Achieve gender equality and empower all women and girls	5.1 End all forms of discrimination against all women and girls everywhere.	Employee and Contractor Rights (page 88)
	5.5 Ensure women's full and effective participation and equal opportunities for leadership at all levels of decision-making in political, economic and public life.	APRIL2030 Targets (page 91) Equal Opportunities and Participation (page 102)
 Ensure availability and sustainable management of water and sanitation for all	5.a Undertake reforms to give women equal rights to economic resources,as well as access to ownership and control over land and other forms of property, financial services, inheritance and natural resources, in accordance with national laws.	APRIL2030 Targets (page 91)
	6.3 By 2030, improve water quality by reducing pollution, eliminating dumping and minimizing release of hazardous chemicals and materials, halving the proportion of untreated wastewater and substantially increasing recycling and safe reuse globally.	Management Approach (page 116) Wastewater management (page 117)
	6.4 By 2030, substantially increase water-use efficiency across all sectors and ensure sustainable withdrawals and supply of freshwater to address water scarcity and substantially reduce the number of people suffering from water scarcity.	APRIL2030 target (page 116) Management Approach (page 116) Wastewater management (page 117)
 Ensure access to affordable, reliable, sustainable and modern energy for all	6.6 By 2020, protect and restore water-related ecosystems, including mountains, forests, wetlands, rivers, aquifers and lakes.	Production-Protection Model (page 22) Landscape Conservation Approach (page 63) Peatland Management (page 74)
	7.1 By 2030, ensure universal access to affordable, reliable and modern energy services.	Energy Efficiency (page 114)

GOALS	TARGETS	RELEVANT SUB-SECTION WITHIN THIS REPORT
 <p>Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all</p>	<p>8.2 Achieve higher levels of economic productivity through diversification, technological upgrading and innovation, including through a focus on high-value added and labour-intensive sectors.</p> <p>8.4 Improve progressively, through 2030, global resource efficiency in consumption and production and endeavour to decouple economic growth from environmental degradation, in accordance with the 10-year framework of programmes on sustainable consumption and production, with developed countries taking the lead.</p> <p>8.5 By 2030, achieve full and productive employment and decent work for all women and men, including for young people and persons with disabilities, and equal pay for work of equal value.</p> <p>8.7 Take immediate and effective measures to eradicate forced labour, end modern slavery and human trafficking and secure the prohibition and elimination of the worst forms of child labour, including recruitment and use of child soldiers, and by 2025 end child labour in all its forms.</p> <p>8.8 Protect labour rights and promote safe and secure working environments for all workers, including migrant workers, in particular women migrants, and those in precarious employment.</p>	<p>Precision Forestry (page 70) Mill part Increasing Material Efficiency and Circularity (page 111)</p> <p>Resource Efficiency (page 108)</p> <p>Employee Wellbeing, Health and Safety (page 98)</p> <p>Human Rights (page 84)</p> <p>Employee and Contractor Rights (page 88)</p>
 <p>Build resilient infrastructure, promote inclusive and sustainable industrialization and foster innovation</p>	<p>9.4 By 2030 upgrade infrastructure and retrofit industries to make them sustainable, with increased resource use efficiency and greater adoption of clean and environmentally sound technologies and industrial processes.</p>	<p>APRIL2030 (page 45) Precision Forestry (page 70) Increasing Material Efficiency and Circularity (page 111)</p>
 <p>Reduce inequality within and among countries</p>	<p>10.2 By 2030, empower and promote the social, economic and political inclusion of all, irrespective of age, sex, disability, race, ethnicity, origin, religion or economic or other status.</p> <p>10.3 Ensure equal opportunity and reduce inequalities of outcome, including by eliminating discriminatory laws, policies and practices and promoting appropriate legislation, policies and action in this regard.</p>	<p>Equal Opportunities and Participation (page 102) Inclusive Progress (page 82)</p> <p>Human Rights Policy (page 85)</p>
 <p>Make cities and human settlements inclusive, safe, resilient and sustainable</p>	<p>11.1 By 2030, ensure access for all to adequate, safe and affordable housing and basic services and upgrade slums.</p> <p>11.6 By 2030, reduce the adverse per capita environmental impact of cities, including by paying special attention to air quality and municipal and other waste management.</p>	<p>Employee Wellbeing, Health and Safety (page 98)</p> <p>Air Emissions (page 115) Waste Water Management (page 117) Solid Waste Management (page 112) List of Chemicals Pesticides used (page 132)</p>
 <p>Ensure sustainable consumption and production patterns</p>	<p>12.2 By 2030, achieve the sustainable management and efficient use of natural resources.</p> <p>12.4 By 2020 achieve the environmentally sound management of chemicals and all wastes throughout their life cycle, in accordance with agreed international frameworks, and significantly reduce their release to air, water and soil in order to minimize their adverse impacts on human health and the environment.</p> <p>12.5 By 2030, substantially reduce waste generation through prevention, reduction, recycling, and reuse.</p> <p>12.8 By 2030, ensure that people everywhere have the relevant information and awareness for sustainable development and lifestyles in harmony with nature.</p>	<p>Sustainable Forest Management (page 68)</p> <p>1. Page 115 on Air Emissions 2. Page 117 on Waste Water Management 3. Page 112 on Solid Waste Management 4. Page 132 on list of Chemicals used</p> <p>Recycling of Paper Waste (page 7) Increasing Operational Efficiency (page 80) Resource Efficiency (page 108) Water Stewardship (page 116)</p> <p>Talent Development (page 100)</p>

GOALS	TARGETS	RELEVANT SUB-SECTION WITHIN THIS REPORT
 <p>Take urgent action to combat climate change and its impacts</p>	13.2 Integrate climate change measures into national policies, strategies and planning.	Policy Framework (page 20)
	13.3 Improve education, awareness-raising and human and institutional capacity on climate change mitigation, adaptation, impact reduction and early warning.	Stakeholder Engagement (page 32) External Partnerships (page 38)
 <p>Conserve and sustainably use the oceans, seas and marine resources for sustainable development</p>	14.1 By 2025, prevent and significantly reduce marine pollution of all kinds, in particular from land-based activities, including marine debris and nutrient pollution.	Waste Water management (page 117)
	14.4 By 2020, effectively regulate harvesting and end overfishing, illegal, unreported and unregulated fishing and destructive fishing practices and implement science-based management plans, in order to restore fish stocks in the shortest time feasible, at least to levels that can produce maximum sustainable yield as determined by their biological characteristics.	Biodiversity and Ecosystem Services (page 60)
 <p>Protect, restore and promote sustainable use of terrestrial ecosystems, sustainably manage forests, combat desertification, and halt and reverse land degradation and halt biodiversity loss</p>	15.2 By 2020 promote the implementation of sustainable management of all types of forests, halt deforestation, restore degraded forests and substantially increase afforestation and reforestation globally	Policy Framework (page 20) Sustainable Forest Management (page 68) Production-Protection Model (page 22) Conservation and Restoration Areas (page 63)
	15.3 By 2030 combat desertification, restore degraded land and soil, including land affected by desertification, drought and floods, and strive to achieve a land degradation-neutral world	Biodiversity and Ecosystem Services (page 60) Forest Management (page 68) Precision Forestry (page 70) Site and soil management (page 72)
	15.5 Take urgent and significant action to reduce the degradation of natural habitats, halt the loss of biodiversity and, by 2020, protect and prevent the extinction of threatened species	Biodiversity and Ecosystem Services (page 60) Safeguarding Wildlife (page 64) Species of Special Concern (page 66)
	15.7 Take urgent action to end poaching and trafficking of protected species of flora and fauna and address both demand and supply of illegal wildlife products	Stakeholder Engagement (page 32) Biodiversity and Ecosystem Services (page 60) Wildlife Protection (page 64)
	15.a Mobilize and significantly increase financial resources from all sources to conserve and sustainably use biodiversity and ecosystems	Land Use (page 22) Biodiversity and Ecosystem Services (page 60) Landscape Conservation and Restoration (page 66)
	15.b Mobilize significant resources from all sources and at all levels to finance sustainable forest management and provide adequate incentives to developing countries to advance such management, including for conservation and reforestation	Environmental and Social Compliance (page 22) Biodiversity and Ecosystem Services (page 60) Landscape Conservation and Restoration Programmes (page 63) Forest Management (page 68) Forest Certification (page 70)
	15.c Enhance global support for efforts to combat poaching and trafficking of protected species, including by increasing the capacity of local communities to pursue sustainable livelihood opportunities	Biodiversity and Ecosystem Services (page 60) Wildlife Protection (page 64)
 <p>Promote peaceful and inclusive societies for sustainable development, provide access to justice for all and build effective, accountable and inclusive institutions at all levels</p>	16.10 Ensure public access to information and protect fundamental freedoms, in accordance with national legislation and international agreements.	Human Rights (page 88)
 <p>Strengthen the means of implementation and revitalize the global partnership for sustainable development</p>	17.16 Enhance the global partnership for sustainable development, complemented by multi-stakeholder partnerships that mobilize and share knowledge, expertise, technology and financial resources, to support the achievement of the sustainable development goals in all countries, in particular developing countries	Stakeholder Engagement (page 32) External Partnerships (page 38) Assessing Climate Impact (page 48) Advancing Tropical Peatland Science (page 74)
	17.17 Encourage and promote effective public, public-private and civil society partnerships, building on the experience and resourcing strategies of partnerships.	Our Year in Summary (page 6) Stakeholder Engagement (page 32) External Partnerships (page 38) Community Livelihoods (page 90)
